- Document the deployment of a dynamic web

SKILLS

- Public Speaking
- Teamwork
- Time Management
- Leadership
- Effective Communication

LANGUAGES

- Khmer(Fluent)
- English (Good)

PROFILE

I am a Full Stack Developer student at PSE with experience in designing and developing web applications from frontend to backend. I have worked with Next.js, React, TypeScript, Express.js, PostgreSQL, and MySQL to build responsive user interfaces, RESTful APIs, and database-driven systems. I value clean code, continuous learning, and teamwork, and I am committed to building reliable and maintainable software.

WORK EXPERIENCE

Teacher Attendance System

2025 - PRESENT

Full Stack Developer (Academic Project)

- Developed a teacher attendance management system using React, Express.js, and PostgreSQL.
- Implemented user authentication and role-based access.
- Created RESTful APIs for attendance records and teacher management.
- Designed the database schema and integrated it with the frontend.
- Used Git for source control and collaborative development.

Frontend Developer (Team Project)

JULY 28 - AUGUST 30 -2025

Rabbit School Cambodia Website

- Collaborated with a team to build a responsive website for Rabbit School Cambodia.
- Implemented user interfaces using Next.js, TypeScript, and Tailwind CSS.
- Created reusable React components to improve maintainability.
- Worked with Git and GitHub for version control and collaboration.
- Ensured consistent design and responsive layouts across devices.

Volunteer Teacher

2024 - PRESENT

Pour un Sourire d'Enfant (PSE)

- Practiced clear communication by explaining complex ideas to students in simple ways.
- Demonstrated discipline and responsibility by planning lessons and collaborating with a team.
